Senior UX / Product Designer

Product designer with 5+ years across web and mobile products, the last two focused on consumer apps and marketplaces - music streaming, social and e-commerce alongside SaaS, healthcare and AI platforms. Takes features from problem framing and user flows through high-fidelity UI, prototypes and the design system that keeps them consistent. Works inside Agile sprints with product managers and engineers and uses AI-assisted tools to get from idea to testable prototype faster.

WORK EXPERIENCE

Techcronus Business Solutions Pvt Ltd | Techcronus Middle East LLC •
Ahmedabad, Gujarat, IND • 08/2024 - 07/2026

Senior UX / Product Designer • Full-time

Led end-to-end design for **Multiple web and mobile products**, including a consumer music-streaming app, a social app built around video and audio replies, and an anonymous peer-to-peer chat platform from user flows and wireframes through high-fidelity UI and interactive prototypes.

- Simplified workflows for subscription purchases, medical approvals, chatbot automation and role-based dashboards, **reducing user errors 45%**.
- Developed **scalable design patterns, responsive layouts and shared component libraries** across products, contributing to a **25% reduction in design-to-development handoff time**.
- Worked closely with product managers and engineers to translate complex requirements into shippable product experiences, staying involved through **design QA** to keep implementation faithful to the design.
- Collaborated through **Agile sprints** to improve usability and feature experiences, contributing to a **60% increase in feature adoption**.
- Designed interaction patterns for **AI lead automation and chatbot training** and used AI-assisted tools (ChatGPT, Claude, Figma AI, Lovable) for ideation, documentation and rapid clickable prototypes.

Headway Business Solution LLP • Ahmedabad, Gujarat, IND • 02/2024 - 08/2024

UI/UX Designer • Full-time

Led design for a **consumer jewelry marketplace** across five connected surfaces customer website, customer mobile app, rider app, seller dashboard and super-admin holding one coherent experience across very different user roles.

- Redesigned the homepage with scalable **light and dark themes** for a more consistent experience, and improved navigation, content structure and interface clarity **reducing drop-off 20%**.
- Focused on accessibility and interface clarity across the redesigned web experience, using iterative design and user feedback to refine it.

Devoq Design • Ahmedabad, Gujarat, IND • 04/2021 - 02/2024

UI/UX Product Designer • Full-time

Led UX and product design for SaaS and digital products, translating business requirements into intuitive, scalable experiences user flows, wireframes, prototypes and high-fidelity interfaces.

- Redesigned a major SaaS platform, contributing to a **25% increase in user engagement**.
- Conducted **usability testing** and iterative design improvements across a range of client products.
- Introduced reusable design patterns and a structured design system.

in Higher Secondary / 12th Standard

Alpha Vidhya Sankul • Junagadh, Gujarat • GPA: 54%

CERTIFICATIONS

Foundation of User Experience (UX) Design - Google • 07/2024 - 02/2025

Coursera

PROJECTS

Delcath - Healthcare Product / Admin Dashboard

Techcronus Business Solution Pvt LTD

- **Role:** UX / Product Design • Figma • User Flows • Prototyping
- Designed role-based approval workflows for radiologists, admins and AR teams, using clearer navigation, form validation, modular access controls and status-driven feedback.
- **Outcome:** Reduced form submission errors by **45%**, improved approval turnaround by **30%**, and increased internal system adoption by **50%**.

Chirpflow - AI lead engagement platform

Techcronus Business Solution Pvt LTD

- **Role:** UX / Product Design • Design System • Dashboard UX • AI
- Designed a modular dashboard separating automation, lead tracking, analytics and live chat, plus the chatbot training experience paired with a streamlined onboarding flow.

My Bharatiya Zaveri Bazaar - consumer e-commerce marketplace • 02/2024 - Present

Headway Business Solution LLP

- **Role:** UX / Product Design • E-commerce • Mobile • Admin • Design System
- Designed the marketplace experience across five connected products: buyer browsing and checkout on web and mobile, rider delivery flows, seller catalog management, and super-admin. Worked to a shared design system so the role-specific interfaces stayed consistent.

Respondo - Social Media Mobile App

Techcronus Business Solution Pvt LTD

- Designed a multi-modal social interaction model: posts, video and audio replies, reactions, and gesture-based interactions.

Hear God – Consumer Music Streaming App

Techcronus Business Solution Pvt LTD

- Designed playlist discovery, subscription flows and visual storytelling for the browse experience. **Trial-to-subscription conversion up 28%**; positive feedback from **1,000+ beta users**.

Meeting Point – Anonymous Chat Website

Techcronus Business Solution Pvt LTD

- Designed a privacy-focused real-time chat experience with PWA support and a deliberately minimal interface. **60% user retention** through the first three weeks.

Knack Global Website - Healthcare • 04/2021 - 02/2024

Devoq Design

- Led UX/UI design for a medical billing solutions website, including responsive design, user research, and usability improvements.
- **Outcome:** Increased user engagement by **30%** and improved conversion rates by **25%**.
